Funding and Dissemination of Findings from the Personal Education Program (PEP)

Publications (reverse chronological order):

Presentations:

Neafsey, P.J. Using technology to enhance older adults’ function, independence, and safety. Presentation at Enhancing Geriatric Nursing Education for Undergraduate Nursing Programs (John A. Hartford Foundation), Fairfield University, Fairfield, CT, June 10, 2003.

Chartier, V., Roy, J., & Neafsey, P.J. (2001, April). Delivery of health information to active older adults via touchscreen equipped laptops. Poster presented by V. Chartier and J. Roy at the UConn Frontiers of Undergraduate Research, Storrs, CT.

Neafsey, P.J. Drug-nutrient Interactions Update 3-hour workshop using touchscreen equipped laptop computers for the CT Expanded Food and Nutrition Education Program (EFNEP) staff, Dec. 16, 1999.

Software:

Rauh, C., Strickler, Z., Lin, C., & Neafsey, P.J. (2006). Personal Education Program – Next Generation: Interface. Univ. CT, Storrs, CT. (Touchscreen interface to enable health care providers to enter patient data and medication regime and to enable older adults to self-report medication behaviors, respond to knowledge and self-efficacy items, and access a “Personal Education Program” tailored to the user’s specific medication behaviors.)

Manuscripts Under Review:

Alicea-Planas, J., Neafsey, P.J., Anderson, E. Using Technology to Enhance Patient Visits; The Nurse Practitioner Perspective
